Dear Parents/Carers,

We will be holding Pupil Progress meetings **between 30th November and 11th December**. Due to Covid-19 these meetings will take place via telephone calls in 10 minute slots. Telephone time slots will be available between 3.40pm and 4.50pm for all classes except Peacocks which will run from 3.20pm. There are no appointments after 4.50pm due to the school closing at 5pm for fogging.

If you are unavailable for any of the available appointment times please contact your child's teacher via Seesaw or Tapestry (Year R only) to make an alternative arrangement.

Mrs Pompa and Mrs Faye will be sharing the pupil progress appointments. Mrs Pompa will be available on 1st and 8th December, Mrs Faye will be available 3rd and 10th December. They will share the appointments on 2nd and 9th December

Appointments are to be made via the ParentMail app. The booking system will open on Friday 13th November. If you are not registered on ParentMail please contact Mrs Rix in the school office on 02392 583657.

Please remember appointments are on a first come first served basis.

The expectation is that every child will have someone from home discussing their child's progress. If we do not hear from you regarding an appointment we will be contacting you.

These meetings are really important because they give you the opportunity to discuss with the teacher what your child is doing at school, how they are getting on and how they can make progress. Participating in Pupil Progress evenings can help you become better involved in your child's learning. When schools and parents work together, children do better.

Pupil Progress evenings give you an opportunity to ask questions and share information about your child and their learning. You can strengthen your partnership with your child's teacher. This helps the teacher to help your child.

Some questions you might want to ask:

- Is my child happy at school?
- How well does my child take part in class activities?
- What more can you tell me about my child's strengths and how they can improve?
- Can you explain what my child will be doing next?
- What can I do to help my child at home?

Talking about these things helps parents and teachers to understand and agree the roles that they can play. Children do better when information about their learning is shared between everyone involved in their education. Discussing what your child is doing outside school can help the teacher to build on that learning at school.

You might want to share information on:

- the interests, hobbies or activities your child is involved in
- how you feel your child is coping with school and school work
- how your child is coping with the changes in school due to Covid-19
- any particular worries or difficulties you've noticed
- changes in family circumstances.

Headteacher: Mrs N. Jones BA Ed (Hons) NPQH Chair of Governors: Mr C. Roast School Business Manager: Mrs M. Leask

Letting your child's teacher know what is going on outside of school can be helpful but you don't have to give any more information than you want to.

By taking part in a Parent/Teacher phone call you can make a real difference to your child's learning.

The call will help you to play an active role in discussing your child's progress. The school will value your views and you can pick up practical suggestions about how you can help at home.

Yours Sincerely

Mrs N. Jones
