Dear Parents and Carers,

I hope that you are keeping well in these uncertain times and as a school we do recognise the challenges that you face whether your child is attending school or whether your child is at home during the lockdown period.

However, I would like to make it clear that remote home learning is **not optional** and all learning **must** be completed daily. This is to ensure that the children do not develop significant gaps in their learning. On their return to school, it is expected that the children will continue on from the remote home learning that has been completed at home and not from when the child was last in school pre-lockdown. We recognise the pressures that the majority of you will also be working from home and therefore you and your child can complete the learning at a time to suit your family circumstances throughout the day.

Non-attendance/engagement will be followed up by a member of staff. This is a Government directive that the school must monitor and action. The school has already made contact with parents to discuss the expectations of home learning and the school will record any non- engagement with remote learning. This will continue throughout the lockdown period.

The school has already provided technology assistance to those families who require it. If you have still not replied to the previous school communications regarding need for technology assistance please do this ASAP.

Remote learning is available via Tapestry (Cygnets) and Seesaw (Years 1 to 6), on the website and in exceptional circumstances via home learning packs. If you have any issues you **must** contact the school and we will support you.

Best wishes

Mrs N. Jones
Headteacher
